

PROVIDED ITEMS

This is a list of items we provide for your use in our rental trailers. Anything else you may need, please bring with you or purchase in Bridgeport.

All of our trailers include:

FURNITURE

- Bedroom
- Kitchen
- Bathroom
- Bunk Beds
- Dinette
- Couch

APPLIANCES

- Oven
- Propane furnace
- Refrigerator/freezer
- Propane water heater (6 gallon)
- Water pump (battery-powered)

These amenities make all our units FULLY SELF-CONTAINED. This means they meet all requirements for state and national park usage in dry camping/boondocking areas.

LIGHTING

All trailer lighting is powered by the house battery.

POWER

All mechanical and electrical items listed above run on either house battery, propane and/or solar power. There is no hard-wired "shore power" unless your campsite has hookups.

MAINTENANCE

We expect that you will treat our trailer as if it were your own while you occupy it. To help you, we provide toilet paper approved for use in an RV waste system. **DO NOT USE ANY TOILET PAPER OTHER THAN WHAT WE PROVIDE IN OUR TRAILER BATHROOMS.** If you run out and need more, let us know and we will replenish your supply.

We also expect that you will leave your trailer as clean as you found it when you arrived. To make that easier, we provide a mop, broom and bucket for your use before checking out.

Thank you for choosing Bridgeport Vacation Trailer Rentals to provide safe, clean, comfortable accommodation for you during your stay with us in the beautiful Eastern Sierra.
